

HIGH-SPEED JET HAND DRYER

MODEL: PW-70-1

TECHNICAL DATA

Material	ABS
Rated Power	Input power:2200W Heating power:1500W Motor power(700W)
Standby power consumption	Approximately 2.3W or lower
Motor	DC/brushless motor
Lock time	25S
Dimensions(mm)	290*198*625mm
Weight	13Kg
Drain Tank Capacity	Approximately 1200mL
Available Set Temperature Range	Between - 10~40°C Set a temperature that prevents condensation

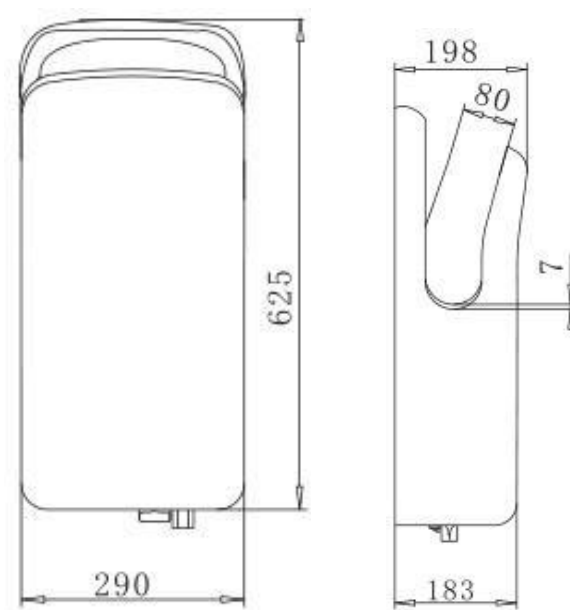

RECOMMENDED INSTALLATION HEIGHT

- Men's Washroom: 900mm
- Women's Washroom: 870mm
- Handicapped Restroom: 800mm
- Children's Washroom: 700mm

Features

1. Drain tank: With 3/8" valve ,Three choice to discharge water
2. Control PCB: Cutting-edge BLDC control technology
3. HEPA filter: With an efficiency of 99.95%, with 2000mg rust capacity
4. Maintain & cleaning: Seamless outlet can be spraying clean
